Rhonda!
your really
a good friend!
you've got alot
going for you. you've
done alot for me. And
through the years I
come to love you like a
Sis. It seems hard to believe
that this is your last year. Pretty
soon you'll be on your own for awhile
then marry & start a family of your own.
according to statistic's you're considered
a woman. So STAY OUT OF TROUBLE!. Best
of luck in all you do. Like I said you've got
alot going for you. ~~[illegible]~~ Do right with it. Well what
more can I say that I haven't already said at one
time or another. Who knows someday we may be neighbors.

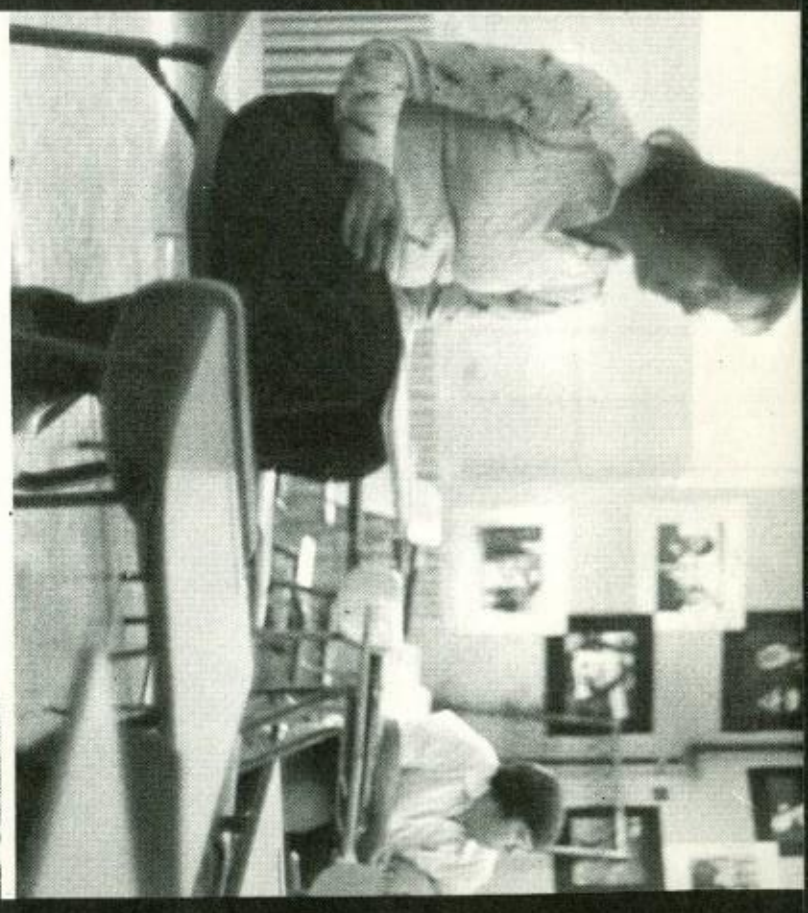
FACULTY



ADMINISTRATION

1975-76 is a start of the second half century of Bell High School.

Soon after my arrival I read with keen interest the Fiftieth Anniversary publications which contain so many memories and memorabilia of Eagle history. As one reviews the past glories and accomplishments of scores of outstanding students, it solidifies contention that the heritage of Bell High School is well founded.

In recent years Bell High School has experienced a change in the makeup of its student population resulting in an exciting and rewarding cosmopolitan character that can do much to enrich our lives in this complex society in which we live. The mixture of cultures and races is as much a part of the heritage of America as apple pie and hamburgers, and it is rewarding when change is accomplished with understanding and a willingness to move forward productively.

Bell High School is growing in enrollment also which will result in physical changes in the buildings as well. There is much to be excited about.

We cling to tradition aware that often what has gone before will help shape our future. When we realize that of our enrollment of 2,400 students more than half are new to Bell this year, it is soon realized that a comparative few are here annually to carry on past traditions. In reality the majority are shaping things for themselves for the future and that too is what makes school exciting.

I feel certain that in the year 2025 many will look back with even greater pride over the second fifty years that those who look back on the first.

Congratulations for a good beginning of the second half century.

VARSITY CHEER

THE SPIRIT OF "76"

Our football team went really far.
We helped cheer them on to
victory after victory.
We went all the way to the final
game where we were defeated for
the first time. We still finished
2nd in City!
Basketball also made its way to
the City Playoffs and they took
us along.
All the sports have been fantastic
just as all the athletes have.
Varsity Cheer of "76" wants to
wish everyone a great year next
semester filled with many memories
and lot's of
SPIRIT!

FRIEND, I LOVE YOU

I love you for what you are,
For to me, you have the ability
To make me feel good about myself.
I love you for that
And I always will.

You could've been phony if you wanted,
Or false,
Or conceited,
Or self-centered,
But you're not,
And I love you.

I love you because you care.
I love you because you love.
I love you because you help.
I love you because you are you,
No one else, but you.
I love you.

Friends are for love
And love is for friends.
You've been for me
And I love you.

Caring is loving
And living is friends.
You've always been there.
I love you.
